5 Easy Autopilot Techniques

1. Insert into PS in solo emails

Example: P.S. If you're ready for the next step, here are three ways I can help...

1. Follow me and let me know where you're stuck right now – Click Here
2. Grab a copy of my book, "6 Simple Steps to 6 Figures" to start working on your plan to create a profitable online business - Click Here
3. Come work with me and join our Lively Biz community - Click here to message me or Click here to see coaching options

Create a solo email template with this as the PS

2. Insert into social posts

For every 3-4 non-marketing posts you share, do 1 ask post. Use a scheduler to put it on autopilot.

3. Create solo page for IG

Put your offers (free and paid) on this page and make it the LINK IN BIO

4. Insert into podcast

Pre-record and insert your offer after your first segment, and/or at the end.

5. Create a Resources page with affiliate links and insert into regular marketing cycle

Pick one item and send an email or post about it and why you love it to a link to your page.
